### PVAMU Lone Star College-CyFair Joint Admissions Program

Prairie View A&M University (PVAMU) and Lone Star College System (LSCS) have entered into a Joint Admissions Program Agreement (JA). Effective fall 2008, students interested in pursuing or completing a bachelor's degree in business can take Prairie View A&M University courses at the Lone Star College-CyFair campus. Prairie View A&M University will offer upper division courses leading to bachelor of business administration degrees in [finance](#), [management information systems](#) and [management](#).

The JA Program Agreement between the two institutions is designed to ensure a seamless transition for LSC-CyFair students to PVAMU while maximizing the number of course transfer hours from the Lone Star College to PVAMU (up to 72 semester credit hours). The program is also designed to allow reverse transfer course credits from PVAMU to Lone Star College in order to satisfy degree requirements for the associate of arts degree with a field of study transfer curriculum in business.

Degree seekers can essentially pursue their bachelor's degree at the [LSC-CyFair](#) campus; however, they will still have access to the same full privileges PVAMU students enjoy including [career placement assistance](#), free tutorials and access to the [university library](#) and computing resources. PVAMU faculty and advisors will be available at the LSC-CyFair campus regularly to provide general guidance and academic support.

Students enrolled in the JA Program can declare a major in the bachelor's programs offered under the Joint Admissions Agreement at PVAMU ([Management](#), [Finance](#) and [MIS](#)) immediately after meeting the admission requirements. As part of the program, the PVAMU courses will be offered on the LSC-CyFair on weekends.

PVAMU advisors will be available regularly on the LSC-CyFair campus.
